Over 30 Years of Quality Metal Fabrication

Clean-Line Lockers By Anthony Steel

Single Tier Double Tier Portoclub Triple Tier Lockerette

Anthony Steel Clean-Line Lockers are the result of over 30 years of manufacturing experience. ASM Clean-Line Lockers are designed to provide strength & durability in even the most demanding environments.

Locker Bodies are manufactured from 24 ga prime grade cold rolled steel. Frames are resistance welded on all four corners to form a rigid structure. Doors are of an all welded double pan construction. Lockers maintain strength through the use of pop rivet assembly. In addition to the strength in the construction of the Clean-Line Lockers we provide a high quality baked on enamel in 16 colour choices permitting colour co-ordination with your décor schemes or colour-coded systems.

Locker Interior: Single Tier Lockers include one hat shelf and three coat hooks. Double Tier, Triple Tier & Portoclub Lockers include two coat hooks per compartment.

Locker Materials:
- Frames 16 ga
- Doors 20 ga
- Shelves 24 ga
- Bodies 24 ga
- Nickel Plated Coat Hooks
- Aluminum Recessed Padlock Handle

ASM's Storage Cabinets have the capacity to store up to 200 lbs per shelf.

We take great pride in our line of Storage Cabinet Products. ASM has the manufacturing capabilities to provide a full line of cabinets in standard sizes as well as the capacity to meet custom sizing requirements. ASM cabinets maintain strength and durability making them the ideal choice for the storage needs in any environment.

ASM All Steel Storage Cabinets are of a heavy duty all welded integral construction, available in 20, 18 & 16 ga. material. All cabinets are double door with a single high quality two point locking handle. All standard cabinets come with 4 adjustable shelves on 2" increments. Doors close quietly & fit flush with the frame of the cabinet.

The interior of the cabinets can be customized to provided a wardrobe or combination cabinet. The height is available in highboy & lowboy models.
